Roseburg, OR-March, 15, 2013. Willowood USA announced today the company would be the primary Sponsor of the 2013, Ageless Aviation Dreams, Dream Flight Tour. The tours official theme is “**A Salute to America's Senior Farmer**”.

The Ageless Aviation Dreams Foundation is a non-profit organization built on the philosophy of “Giving Back To Those Who Have Given”. The foundation and its supporters honor seniors and military heroes living in long-term care communities by giving them a Dream Flight in a 1942 Boeing Stearman, the airplane used to train many military aviators in the late thirties and early forties.

“Willowood USA's support of the **2013 - Ageless Aviation Dreams, A Salute to America's Senior Farmer**, tour will allow over 150 extremely deserving WWII and Korean veterans to experience the thrill of an Ageless Aviation Dreams, Dream Flight. Without Willowood's very generous donation, this tour would not be possible”, says Darryl Fisher, founder of the Ageless Aviation Dreams foundation.

Joe Middione, Chief Operating Officer, Willowood USA states, “This is the 2nd year we have sponsored this wonderful, giving program. During last years Central California Dream Flight tour, I have personally witnessed the joy this foundation brings to our seniors. When it was announced that the theme for this years tour was “**A Salute to America's Senior Farmer**”, we were onboard. All of us at Willowood USA have a deep appreciation for the farmers and veterans of this great nation. We want to show our appreciation and do something very special for them. I am so excited that Willowood USA has this opportunity to help these “Golden” individuals experience the thrill of a “Dream Flight”.
