

Your Single Source For Generic Crop Protection Products

Willowood USA is an Oregon-based company that develops, formulates and markets generic crop protection products for agriculture. The company produces high quality products that provide growers an affordable alternative to name brand products.

Willowood USA Delivers Quality!

Our list of products includes generic: herbicides, fungicides, insecticides, and plant growth regulators. Willowood USA's crop protection products are safe and effective alternatives to name brand products.

Willowood USA Will Save You Money!

It is a proven fact that generic crop protection products are far less expensive than their name brand counterparts.

Willowood USA's Distribution Partners!

Willowood USA has distribution partners strategically located throughout all of the agricultural growing regions of the United States. These distribution partners have been selected to distribute Willowood USA products because they provide excellent product knowledge and customer service to the American farmer.
